Spirit Horse is a powerful story that chronicles an incredible adventure involving two urban First Nations children. Angelina and Jesse's lives are changed forever when their grandfather, who lives by the old ways on a prairies reserve, brings them a horse that has mysteriously appeared to him. The children feel an incredible bond to this majestic animal which links the girls and their dad to their Stoney Nation heritage. Is new hope and healing possible for a troubled single parent family caught between two worlds? A highly theatrical and imaginative story in which three actors play over sixty five characters, accompanied by a live musician.

The students sat completely rapt, for the entire hour and then went on to ask really great questions that demonstrated the intensity of their attention. I was not the only adult to be wiping away tears during the show.
